

Town of Hartford  
Ordinance Committee  
February 15, 2023  
Agenda

Call meeting to order

Accept minutes of last meeting

Old Business

1. Update on State requirements for "no spray" on state highways-Bonnie to do research and request State person to attend meeting.

2. Messy Yard Ordinance update- Lou was going to see what Archie's input was on Bulky Pick up.

2A. Looking to limit the amount of time people can put out their bulky waste before Archie's pickup. Wanting to know what items Archie's might limit so that we can set up a roadside date to start bulky waste and eliminate items from sitting roadside if Archie's doesn't want them.

2B. Review expired Junkyard permits and make sure that State guidelines for removal of junk were followed after permits were not renewed. Make a plan to notify those property owners asking for their plan to follow state guidelines for cleaning up expired junkyards.

New Business

Administrative Ordinance revision for Cemetery Committee.

1. A Minimum of 5 committee members on Committee,

2. To open the Committee to include people if they or their family owns cemetery plots in Hartford/or have loved ones that are buried there and want to be a member to help restore and preserve our cemeteries.
