Members voted to accept the minutes to last month's meeting Jane Quint made the motion and Cindy Violette seconded it. The motion was unanimously approved.

The committee continued its review of the administrative ordinance part II for clarity and effectiveness and revised/corrected it as we felt was appropriate. The review and revision was completed and will be sent to the Selectboard.

We discussed drafting a solar ordinance and had a few examples from other towns to consider. We will take material from these other ordinances as we feel is appropriate for our community. This will be our starting point for working on this ordinance next.

Our next meeting will be January 8, 2025 @ 6:00pm

Meeting adjourned at 7:30pm
