

Town of Hartford
Selectmen's Budget Workshop
Approved Minutes
March 18, 2026
5:30pm Hartford Town Hall & YouTube

Present: Selectmen Cathy Lowe, Aaron Harvey, Nicholas Tiftt, Town Clerk Lianne Bedard, and Road Commissioner Bim McNeil.

- I. Cathy called the meeting to order at 5:30pm
- II Proposed Budget 2026-2027: The Board started in administrative to review skipped budget lines. Increased amounts were added to IT services, Planning Board account, and Turner Rescue. The original estimate was entered in to the MMA dues line.
The Board and Road Commissioner discussed the road budget and amounts requested by the Road Commissioner. Four roads, Green Acres, Town Farm, Perry, and Church, all need overlay and it was suggested to allow the voters to decide on which roads to raise funds for. Green Acres would cost approximately \$65,000.00. Church St. would need construction first since it is not ready for overlay. Town Farm Road would cost \$125,000.00 for the one hill that is not part of the FEMA projects. Perry Road would cost over \$125,000.00 and could wait another year. The Board could include two articles in the town meeting warrant, one for each road, and include notes underneath to explain where the money is planned to be used.
The Board completed their recommendations for all lines including roads, reserves and social services.
- III Cathy adjourned the meeting at 7:30pm.
