3) Open Session-

Lee has a outside the box idea-she shared the idea of having pods in designated areas and people bring their trash and recyclables to the pods. Amanda likes the idea of perhaps designating roads to dumpsters, that kind of thing. Cathy brought up the potential rules to abutting landowners for transfer station concept.

Amanda found and read the setbacks in the state regs. (page 4). Discussion of where the closet homes sit in conjunction to the potential transfer stations sites.

Discussion of what it would look like if we placed dumpsters and assigned roads to each dumpster.

Discussion of the need to have to monitor the dumpsters in some way.

Discussion of zero sort-Are we zero sort or do we need to sort?

Lee would like to know what they are actually doing at Archie's with recyclables.

Lee looking to see if there is a waste diversion (swap shop, etc) if there is more grant money available.

Amanda to ask Nick to reach out to Archie's and gain clarification on whether we are single sort or if the townspeople need to continue to sort?
