

Town of Hartford, Maine

Site Plan Permit Application for Large-Scale Solar Energy System

This application must be filed with your local Planning Board

Name of applicant(s) _____

Name of property owner(s) _____

(* If multiple property owners please list on separate attachment.)

Mailing Address: _____

Email Address: _____ Phone _____

Location of solar energy system property _____

Map & Lot _____ Deed Reference / Book & Page _____

Diagram of property lines with physical features including roads. _____

Description of property changes to the landscape of the site, grading, vegetation clearing & planting, exterior lighting, screening vegetation or structures.

Locations of important plant & animal habitats identified by the Maine Dept of Inland Fisheries and Wildlife or the Town of Hartford, or rare and irreplaceable natural areas, such as rare and exemplary natural communities and rare plant habitats as identified by the Maine Natural Areas Program. _____

Please describe your public outreach program, including how the project proponent will inform abutters and the community _____

Explain any proposed supplementary use of the area encompassing the solar array, such as, but not limited to, pastureland for grazing, growing agricultural products, and/or providing ecosystem services to provide habitat for wildlife or local natural plants _____

Items to be included with the application:

Blueprints or drawings of the Solar Energy Systems showing:

The proposed layout of the system

Potential shading from nearby structures

The distance between solar collectors and all property lines

The distance between solar collectors and existing on-site buildings, structures and the tallest finished height of solar collectors

Documentation of major system components to be used, including panels, mounting system, and inverters.

A one or three-line electrical diagram detailing the solar photovoltaic installation, associated components and electrical interconnection methods

Name, address, email address and/or telephone numbers for:

- System installer
- System operator
- Project proponent
- Project proponent agent
- and all Co-proponents or Co-owners

Location of wetlands and water bodies

Prime farmland and farmland of statewide importance

Floodplains

Local or national historic districts

Please describe your public outreach plan, including how the project proponent will inform abutters and the community _____

Explain any proposed supplementary use of the area encompassing the solar array, such as, but not limited to, pastureland for grazing, growing agricultural products, and/or providing ecosystem services to provide habitat for wildlife or natural plants _____
